**Subject:** TUAT ex-students who visited Praha potential meeting in a pub on Wed, Nov 8, 2023, at 18:30

Dear ex-student visitors to Czech Technical University in Praha,

I am Vašek Hlaváč who had the honor to host you for a typically three-month stay in our department in Praha. I have been visiting TUAT for two weeks since Oct 29.

I suggest that we all meet informally in a pub near the Higashi Koganei railway station on Wed, Nov 8, 2023. We will have a meal, and some drinks, and chat. It would be my pleasure to learn how your lives developed. Your teachers, professors Masaki Nakagawa, Ikuko Shimizu, Ikuo Mizuuchi, and T Kondo are invited too.

This email asks you if you would be able and willing to come. Please, answer me by email by Thu, Nov. 2, 2023, 20:00 if you can come. Knowing how many you can come, we will arrange with Megumi Miashita (Assistant Professor at T. Kondo's lab who helps me here) an appropriate pub. I will inform you by email where to go. I do not prefer fancy restaurants. Expect an ordinary local pub.

I look forward to meeting many of you in person again.

All the best

Vašek Hlaváč
